

GLENMERE RECEIVES AWARD

The Glenmere expansion project at The Village at Rockville, a National Lutheran Communities & Services community in Rockville, Maryland, received an Award of Merit in the 2021 ENR MidAtlantic Best Project Awards. The project included 130 Independent Living units and a variety of amenities including dining, wellness and fitness, entertainment spaces and an aquatics center. ARCH served as capital project manager, overseeing the hardworking team, from initial planning through construction.

LEADINGAGE MEETING HIGHLIGHTS

ARCH was excited to be back in-person at the LeadingAge Annual meeting in Atlanta. Brit Vipham presented a roundtable discussion on the importance of incorporating diversity in design decisions. As a mentor for the LeadingAge *NextGen* group she also spoke to students interested in the field of aging.

AUGSBURG RENOVATIONS COMPLETE

We recently celebrated a ribbon cutting at The Village at Augsburg. The completed project included defining a main entrance for the community, refurbishing the corridors, expanding the café with bistro into an adjoining store, and expanding the fitness center into the health suite. The project was completed under budget with the guidance of ARCH as Owner's Representative.
