

THE VILLAGE AT ORCHARD RIDGE OPENING

National Lutheran Communities & Services opened their Winchester, VA campus, The Village at Orchard Ridge, in 2014. In 2024, the campus embarked on a full renovation of the 2-story entrance lobby, the administrative offices, and the sales and marketing discovery center. The completed project also included a redefined interior at the main entrance of the community, expanding the adjacent corridors, while opening up and reconfiguring the library and redesigned concierge desk. The contemporary design offers an abundance of space and light, as well as unique interior finishes and lighting design. ARCH Served as Owner's Representative for this project, assisting from the initial planning and budgets to the final close out, while paying strict attention to detail and engaging in constant communication with the team.

ARCH WELCOMES NEW TEAM MEMBER

Please join us in welcoming Roxanne Garcia to the ARCH team! Roxanne has six years of experience in Architecture Design, Real Estate Development, and Asset Management. She has focused on commercial mixed-use and community impact developments. Roxanne is a graduate of the Marshall Bennett Institute of Real Estate at Roosevelt University with a Master of Business in Real Estate and a Bachelor of Science in Architecture from University of Wisconsin-Milwaukee.
