

THE VILLAGE AT PROVIDENCE POINT GROUNDBREAKING

National Lutheran Communities & Services celebrated their ceremonial groundbreaking this past October in Annapolis, Maryland, for The Village at Providence Point. This marked a milestone, celebrating planning and partnerships for a transformational project. The Project will consist of residential Independent Living apartments, as well as healthcare and wellness centers, for a total of 350 units to be built in two phases. The Groundbreaking was “a moment years in the making – one built on perseverance, partnership, and purpose”, says Cyndi Walters, President & CEO at NLCS. ARCH is serving as Owner’s Representative on the Project.

ARCH WELCOMES NEW TEAM MEMBER

Please join us in welcoming Paul Orzeske to the ARCH team! Paul has over 35 years of design, construction, and real estate development experience. He has worked on numerous large scale, mixed use residential-commercial developments, and large scale adaptive re-use commercial projects. Other projects include new single family residential homes, numerous restaurants, and project management capital improvement projects. Paul is a graduate of the University of Illinois with a Bachelor of Architecture and Master of Business Administration from DePaul University.

GODDARD HOUSE GROUNDBREAKING

This past July, Goddard House celebrated the groundbreaking for their renovation and addition project in Brookline, Massachusetts. When complete, the project will add a new community room, artroom, additional space in the dining room, and renovation of resident amenity spaces.
